Subject We demand justice and clean water for Dimock, PA residents afflicted by fracking

OFFICE OF THE  
EXECUTIVE SECRETARIAT

#### Message Body

It wasn't a flood or natural disaster that left 11 families in Dimock, PA without drinking water. The disaster in Dimock was created single-handedly by the Cabot Oil and Gas Corporation's use of the hazardous gas drilling technique known as fracking.

On December 1st, the Pennsylvania Department of Environmental Protection allowed the company to halt delivery of clean water to affected families, leaving them with only the toxic, flammable water that has made them ill.

This is unacceptable. You must act now to stop this travesty of justice from taking place.

We call on you, Pennsylvania Inspector General, to investigate the Pennsylvania DEP's failure to hold Cabot Oil and Gas accountable for water contamination and harm to Dimock residents; and you, EPA Administrator Lisa Jackson, to intervene and regulate fracking operations in the State of Pennsylvania, because the state has abdicated its responsibility to its citizens.
